Decarbonising our supply chain

Volume 3, June 2024

Executive Greeting

Dear Valued Stakeholders,

At CP Foods, our vision is to become the "Sustainable Kitchen of the World" by setting ambitious Net-Zero targets. Our commitment to sustainability compels us to leverage advanced technologies and innovative solutions to reduce our carbon footprint across all of our operations.

We are intensely focused on enhancing production efficiency and safety standards, promoting sustainable consumption practices and nutritional values, as well as cutting resource usage while protecting biodiversity.

Our Net-Zero targets serve as a driving force, ensuring we lead the charge in reducing emissions throughout our entire supply chain.

CP Foods is dedicated to being a global leader in sustainable food production and a responsible steward of the planet's future. We are unwavering in our pursuit of environmentally conscious practices that safeguard the well-being of our world for generations to come.

Thank you for your continued support as we strive towards a more sustainable future.

“We lead the charge in reducing emissions throughout our entire supply chain.”

CPF Net-Zero SBT | The Series

Carbon footprint

is the significant indicator of climate change

Carbon footprint

คือ ปริมาณก๊าซเรือนกระจกที่ปล่อยออกมา
จากผลิตภัณฑ์ หรือ จากการดำเนินการขององค์กร
โดยคำนวณออกมาในหน่วย

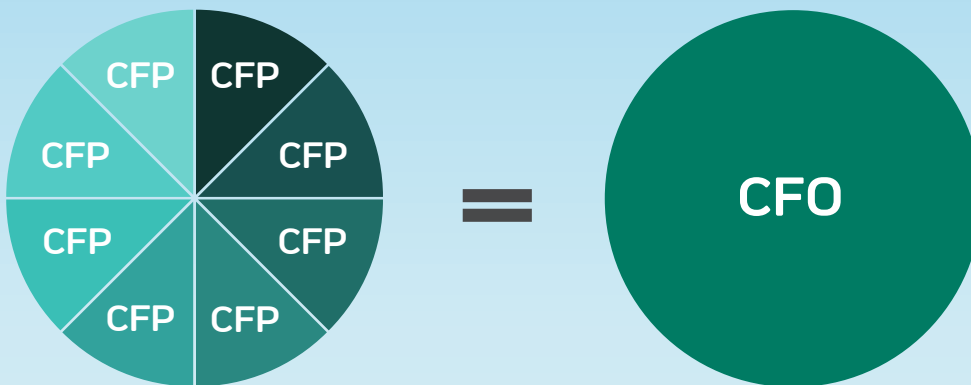

“คาร์บอนไดออกไซด์เทียบเท่า”

CFP (Carbon Footprint of Product)

คือ Carbon footprint ตลอดวัฏจักรชีวิตของผลิตภัณฑ์

CFO (Carbon Footprint of Organization)

คือ Carbon footprint ขององค์กร

Scope 1: This includes direct greenhouse gas emissions from sources that are owned or controlled by the Organization.

Scope 2: This includes indirect greenhouse gas emissions associated with the production of electricity, heating and cooling, and steam that the organization receives or purchases for its activities.

Scope 3: This includes all indirect greenhouse gas emissions (not included in scope 2) from activities in the value chain, including both upstream and downstream activities

CPF Net-Zero SBT

Carbon Footprint in Daily Activities

is the amount of greenhouse gases emitted from our daily life.

Office of Climate Actions for Sustainability (Net-Zero)

Achieving Net-Zero Ambitions

“CPF is the first food processing company in the world with near- and long-term FLAG SBT validated by the SBTi in an attempt to limit global warming to 1.5°C*

*Above pre-industrail levels

Near-term Targets by 2030

30.3% FLAG

42% Non-FLAG

Long-term Targets by 2050

72% FLAG

90% Non-FLAG

CP Foods aims to become the "Sustainable Kitchen of the World" by setting ambitious Net-Zero targets approved by SBTi. The company plans to reduce 30.3% for FLAG and 42% Non-FLAG emissions by 2030, with further reductions to 72% and 90% by 2050. SAP's solutions will enable real-time carbon accounting to support these goals.

Real-Time Sustainability Data SAP's solutions automate emissions data collection, providing real-time information for quick, sustainable decisions. This ensures compliance with upcoming carbon regulations like the EU Carbon Border Adjustment Mechanism and U.S. SEC climate risk disclosures.

Reducing Supply Chain Emissions

CP Foods will focus on reducing supply chain emissions, a significant portion of its total emissions. Partnering with SAP's Customer Success organization, YASH Technologies, and AWS, CP Foods start implementing SAP Sustainability solutions to track and report Scope 1 and 2 and selected Scoped 3 emissions, which cover more than 70% of a total Thailand emissions and will expand to overseas operations in the near future.

Future-Proofing the Business By leveraging RISE with SAP and SAP's sustainability solutions, CP Foods is positioning itself ahead of emissions regulations, driving efficiencies, optimizing supply chains, and differentiating itself from competitors.

CP Foods Embarks on Digital Transformation with SAP Solutions

CP Foods is integrating SAP solutions to enhance sustainability and competitive advantage. The adoption of RISE with SAP, SAP Sustainability Footprint Management, SAP Sustainability Control Tower, Sustainability Analytic Cloud and SAP Environment Management is key to this transformation.

KITCHEN OF THE WORLD WITH SUSTAINOVATION

P for People

F for Food

CP Foods Celebrates Triple Triumph at THAIFEX – Anuga Asia 2024 Charoen Pokphand Foods Public Company Limited (CP Foods) proudly announces its remarkable success at THAIFEX – Anuga Asia 2024, clinching multiple awards that underscore its commitment to innovative and sustainable food solutions. This achievement not only highlights CP Foods' dedication to delivering products that are delicious but also beneficial for both consumers and the environment.

The innovative 'CP Chicken Pocket Sausage and Cheese' received the innovation award, catering to health-conscious consumers with its low-carb, high-protein composition. Utilizing chicken breast in place of bread, and combined with cheese and sausage, this product adheres to the highest safety standards, including those set by NASA, and is Halal certified. The chicken is raised on a diet fortified with innovative probiotics, promoting immune health without antibiotics, demonstrating CP Foods' commitment to sustainable animal husbandry and supporting local farmers.

U FARM's "Cage-Free Eggs" were honored with the prestigious Sustainability Food Product Award, becoming the first in Asia to earn a "Carbon Neutral Product" label from Thailand's Greenhouse Gas Management Organization (TGO).

These eggs are produced in a stress-free, free-range environment without cages, ensuring animal welfare and environmental sustainability. Their high-quality, freshness, and use of 100% recycled paper packaging emphasize CP Foods' focus on minimizing ecological impact.

Additionally, **CP Foods' COOKING HELPER products** received the Thai SELECT award for their authentic Thai flavors, using over 80% locally sourced ingredients, which supports Thai farmers and promotes sustainable agricultural practices.

CPF Global Food Solution PCL also garnered the BEST in TASTE award for its **Thai Green Curry Gyoza at the Alternative Protein Flavour & Taste Contest**, further showcasing CP Foods' prowess in flavor innovation.

These accolades at THAIFEX 2024 are a testament to CP Foods' relentless pursuit of food innovation that delights consumers, supports local agriculture, and champions sustainability on a global scale.
