CPF expects no impact on sales and operations from EU yellow card as the Company has not involved in fishery business. Regarding the termination of Generalized System of Preference from EU on Thai export products, which resulting in normal tariff rate, the Thai shrimp exports to EU have to bear higher costs compared to those from other countries that still receive such privileges. However, as shrimp production bases of CPF group has been expanded into Vietnam and Malaysia which GSP is in effect, export from those countries would be lessen an impact on Thailand situation.

Item 8 To acquire the investment in C.P. Cambodia Co., Ltd. from connected person by a subsidiary

Mr. Adirek Sripratak was considered as a connected person due to being the director of C.P. Cambodia Co., Ltd. ("CPC"). Therefore, Mr. Arsa Sarasin, Vice Chairman, shall moderate this Meeting agenda.

Mr.Arsa asked Mrs. Kobboon Srichai, Senior Vice President, Investor Relations Office, to present details of this agenda to the Meeting. Mrs. Kobboon reported the Meeting that the Board of Director proposed the Meeting to consider the acquisition of investment in C.P. Cambodia Co., Ltd. ("CPC") which engages in animal feedmill, livestock farming and food processing plant for domestic sale in Cambodia from Orient Success International Limited ("OSIL"), a connected person, at the total consideration of THB 2,850 mm. Currently, the Company indirectly hold 25% of total issued ordinary shares of CPC. After the completion, the indirect shareholding of the Company in CPC will increase to 100%; therefore, CPC and its subsidiary will become indirect subsidiaries of the Company. OSIL and the purchaser, CPF Investment Limited ("CPFI"), had Charoen Pokphand Group Co., Ltd. ("CPG") as an indirect major shareholders as follows:

Mr.Arsa informed the Meeting that the Meeting of the Board of Directors of the Company, excluding directors with conflict of interest, considered and viewed that this transaction is reasonable and beneficial to CPF group as Cambodia's agro-industrial market has strong growth potential. In addition, CPC has expansion plan to food business. The net profit CAGR for CPC over the past 4 years was approximately 29.2% per annum. In this regards, the Company appointed Avantgarde Capital Company Limited to be the independent financial advisor to provide the opinion to the shareholders on the reasonable and beneficial of this transaction to the Company and the fairness of price and conditions of the transaction.

Details of the acquisition of the investment in CPC were attached in Information Memorandum Concerning the Connected Transaction and the Independent Financial Advisor Report which were attached to the notice of this Meeting.

Mr.Arsa asked Ms. Sattaya Mahattanaphanij of Avantgarde Capital Company Limited to present the Independent Financial Advisor's Opinion on this connected transaction to the Meeting. Ms. Sattaya reported that as CPFI would purchase the investment in CPC from OSIL at the total consideration of THB 2,850 million (approximately KHR 351,852 mm¹). The transaction size was equivalent to 5.5% of net tangible assets of the Company and its subsidiaries based on the latest audited financial statement as of December 31, 2014. Therefore, an approval from shareholders was required to obtain prior to entering into the Connected Transactions. The approval should be passed by an affirmative resolution of not less than three-fourths of the total number of votes of shareholders attending the meeting and having the right to vote, excluding the shareholders who had a conflict of interest.

CPC is the leader in agro-industrial business covering feed business, farm business and food business in Cambodia. Currently, its feed production capacity is approximately 318,000 tons per year while its farms can produce swine and poultry around 75 million tons per year. In addition, CPC holds 49% stake in Cambodia Property & Trading Co., Ltd. which invest in property for CPC's business. The acquisition of CPC's shares was consistent with Company's policy and business strategy to invest in high potential company with good growth. Moreover, in the next 5 years, CPC plans to double its capacity in all businesses to capture an expansion opportunity as well as expand the food supply to cover over the Southern Mekong Subregion which will contribute to a sustainable business of the Company. However, there may be the risks such as the increasing competition, the fluctuation of swine and chicken price and other external factors which may cause the Company to lose its opportunity to invest in other companies with higher return.

¹ Using the exchange rate of THB 0.0081 for KHR 1

The Independent Financial Advisor used several valuation approaches to determine the price of the acquisition and had come to a conclusion that the Discounted Cash Flow Approach and Market Comparable Approach are appropriated for determining the fair value of CPC's shares. The acquisition price of THB 2,850 million was below the fair value which was at THB 2,896.1 - 3,636.6 million. Therefore, the Independent Financial Advisor had an opinion that the acquisition of the investment in CPC was appropriate and the Company's shareholders should approve the aforementioned transaction.

With no question from shareholders, Mr. Arsa asked the Meeting to approve the acquisition of investment in CPC from OSIL which is a connected person, as details above mentioned.

Resolution: After due consideration, the Meeting resolved, with the number of votes of shareholders not less than three-fourths of the total number of votes of shareholders attending the meeting and having right to vote, excluding the shareholders who have a conflict of interest, to approve the acquisition of investment in C.P. Cambodia Co., Ltd. by CPF Investment Ltd., a Company's subsidiary, from connected person according to details proposed by the Board of Directors in all respects.

The details of voting are as follows:

Number of voters	1,770,652,074 votes	equal to	100.00%
Dividing into			
Vote "approved"	1,707,265,319 votes	equal to	96.42%
Vote "objected"	22,073,900 votes	equal to	1.25%
Abstained	41,312,855 votes	equal to	2.33%
Number of voters who had no right to vote	3,540,836,190 votes		

Item 9 To respond to the queries

Shareholder asked about the overseas investment policy. The Chairman responded that as the core business of the Company is agro-industrial and food business, overseas investment will focus on high economic growth countries with great opportunity in meat consumption expansion. The investment could be in form of greenfield investment and merger & acquisition. Shareholder then queried about the fluctuation of the Company's profit growth despite the continuous sales growth as well as the retail and food outlets business performance. The Chairman responded that revenues from farm business, which are considered as commodity product, contributed approximately one-third of total sales; therefore, the Company experienced the uncontrollable external factors such as meat oversupply. These caused the Company's profit volatility. In order to mitigate such uncertainty, the Company focuses on value-added products in food business with less price volatility as well as concurrently increase sales of branded products. Regarding the retail and food outlets business performance, this business would be the distribution channel base to support the Company's food business in the future despite its current contribution amount. With no additional question, the Chairman brought the Meeting to close by thanking the shareholders for their attendance.

The Meeting adjourned at 14.58 hrs.
