Item 10 To respond to the queries

Shareholders asked about the growth of overseas markets. The Chairman responded that sales from overseas markets could be divided into 2 portions, i.e., export sales from Thailand operations and sales from overseas operations. In the year 2011, revenues from the first portion accounted for 14% of the Company's total sales. In the year 2012, the European Union decision to allow the imports of frozen chicken meat from Thailand would benefit to overall Thai broiler industry. Thus, the Company's export sales would increase from the year 2011; however, this would decrease approximately 7%-8% when compared with the Company's total sales as a result of the purchase of the business in China and in Vietnam which would boost up revenues of the second portion. It is expected that revenue from sales of China and Vietnam operations would result in the increase in total revenues from sales of the Company's group, increasing from Baht 200,000 million in the year 2011 to more than Baht 300,000 million in the year 2012. Shareholders had suggestion on the Company's businesses which the management accepted such suggestion for further consideration. With no additional question, the Chairman brought the Meeting to close by thanking the shareholders for their attendance.

The Meeting adjourned at 15.25 hrs.
